No. C08-3222 CW (BZ)

**ORDER DENYING PRODUCTION
OF FILE**

This Order follows a telephone conference on September 25, 2009 concerning a discovery dispute over citizen's complaints contained the personnel file of Officer Carl Berry. After reviewing the file, I find that the contents therein are unrelated to the subject incident. Given the personal nature of the contents and their lack of relevance, I find that the privacy interests of the officer outweigh the need for their production.
